Next Meeting – June 13th 2006, 7:30PM at Lakeview Banquet Center

July Newsletter Submission Deadline: June 30th

THANKS MRS. NATURE!

I'll assume Mother Nature did not hear about our Frank Luke fly in weekend up in Hartford over the Memorial Day weekend. We were waiting for the 40 degree temps and rain we have gotten in previous years but they didn't show up. Well, that's not exactly true. We did get some rain and a lightening show one night. Overall it was a beautiful weekend for camping. Flying for most was restricted to early mornings and late afternoons. The winds and thermals took over most of the mid-day hours.

Our weekend started out Friday evening with a very well attended fish fry at the Rubicon Ranch. We counted 28 Chapter members in attendance. The food and company were great. It was nice to see such a good turnout. Thanks for coming out!

Our Young Eagles Rally went off without a hitch thanks to all the volunteers that showed up and pitched in. I was very impressed with the enthusiasm of our Chapter members. Whether it be pilots, Safety personnel, Sign up and Certificates or Simulator help, we had all the help we needed. All I can say is "THANK YOU and COME BACK SOON!!!"

I think our volunteer pilots (Bob Zaretzke, Bob Lewis, Lee Taylor and Dave Courtney) flew a total of 16 first time Young Eagles. Thanks for donating your time, aircraft and fuel for this worthy cause. It's quite the sacrifice especially with the cost of Avgas.

We will be working on better ways to advertise our Young Eagles Rally events so we can fly more kids in the same amount of time during future events.

OLDER THAN DIRT

Harold Benisch celebrated a birthday over the weekend. He's now somewhere between 25 and a hundred years young!

Happy Belated Birthday Harold!!

FAMILY FIRST

I was not able to attend the Fort Atkinson Breakfast Fly in on June 3rd due to family obligations. A last minute change of plans was in order due to a schedule change. I hope to get a report at our upcoming meeting. Hope everyone had a good time.

ULTRALIGHT DAY

Our next big event will be the Pioneer Ultralight Day Fly In and Competition on Saturday, June 17th. Once again we will head up to Oshkosh en mass for our annual gathering and games of skill (luck).

I accepted the position as flight lead for this event and will organize our group flight from Dodge County Airport to Pioneer. I will pass along all necessary flight info at our June meeting. I should have all the pilot forms that need to be signed in hand by then. I'll also send out this info via e-mail.

I hope to get in some much needed practice out at McDermott before this event.

I'll try to let you know when I plan on getting out there. I'm looking for some help with our Chapter Display table. Chapter members are needed to hand out Chapter materials and greet the public. I also need help fixing up the picture boards. Please let me know if you can help in any way.

Stay tuned for more info.

AIRSHOW HELP NEEDED

Paul Rogers of Airshows of Wisconsin has contacted me and is asking for help with the flight line and crowd control for the Baraboo / Dells Airshow and Fly In. This event will be held July 22nd and 23rd. If you'd like to help out, please contact Paul Rogers at 414-482-2069 / Email: paulr@milwaukeeairshow.com

(Continued on page 3)

(Continued from page 2)

FREE SCHOLARSHIPS

The EAA is offering a wonderful new opportunity for high school students in the greater Milwaukee area.

Thanks to the generosity of two local aviation enthusiasts, EAA is able to offer the following FREE scholarships to deserving youth:

Up to 30 scholarships valued at \$900 each are available for current high school sophomore and junior students to attend a special session of the EAA Air Academy resident camp in Oshkosh, WI, on August 8-13, 2006. Participants will spend 5 nights at the Air Academy Lodge immersed in hands-on aviation activities, including real flight experiences. All current high school sophomores and juniors in the Milwaukee, Waukesha, Ozaukee, Racine, Sheboygan and Washington counties are eligible to apply. People who want to make aviation opportunities available to

deserving youths in the Milwaukee area have provided these scholarships.

Do you know a young person that fits the bill?

Application forms can be obtained by calling 1-888-322-3229, or e-mailing airacademy@eaa.org. Call soon!

WHAT'S UP AFTER THAT?

We round off our June events with the Longest Days Fly and Camp in at McDermott in Sullivan. I'll try to cook up some entertainment to keep the kids and campers occupied. There's always something interesting going on in the hangers to keep us pilots busy. I hope to see you there.

See you at the "WOW, IT'S JUNE ALREADY!" meeting on the 13th.

Steve Magdic

The making of a Young Eagle...

For those who have not been able to attend any of our recent events, you might not have seen the fruits of the club project plane. Or you may not be familiar with how the Young Eagles program works. Here's a little illustration of what we do.

First the eager child (age 8 - 17) steps into the Young Eagle Pre-Flight Simulator Aircraft for an explanation of the flight controls and instruments.

The newly refurbished instrument panel gives them an opportunity to learn about the array of dials and switches before they get to the busy flight line.

Then the soon to be young aviator climbs into a real airplane with one of our volunteer pilots. Well-wishers and photos are welcome when no props are turning.

And finally they take to the skies (as excited parents watch and point) and our adventurous Young Eagle joins the ranks of the 1.2+ million children exposed to flight by aviation buffs like YOU!

Secretary's Report

Respectfully submitted by Kerry Kearney.

The 5/09/06 meeting was called to order at 7:44 pm. Approx. 26 members attended.

Officers Present: Steve Magdic – President; Corey Cassavant – Vice President/Newsletter; Kerry Kearney – Secretary; Geri Zaretzke – Treasurer.

Secretary's report – was accepted as printed in newsletter.

Treasurer's report – was accepted as printed in newsletter. BOD will meet regarding our CD investments.

COMMITTEE REPORTS:

Membership – Tom Corso reported “nobody new, nothing changed”.

Newsletter – Corey requested you send in your content, busy season is coming, send in your pictures too.

Young Eagles – Ed Haberl reported Demo plane is done and ready for our Hartford event. Geri Z reported that Dave Courtney brought in 20 credits, and Bob Lewis 16 credits. Thanks guys!

Director at Large – Bob Sullivan said “I’m back, but nothing to report”.

Safety – Still looking for someone to take charge of this position. All gear is provided.

EAAUL.org Web site – Kerry posted updates regarding our Hartford event. Still looking for more info and suggestions to update additional pages.

OLD BUSINESS:

2005 EAA Chapter Awards – Steve presented them along with his thanks for all our volunteers.

EAA Coffey Gregory Scholarship – Steve has enrollment forms; more info available on our web site.

NEW BUSINESS:

Air Academy – there was a SNAFU, but now resolved. Both of our 2006 recruits are ready to attend.

Frank Luke – Memorial Day weekend, May 27-29 is all set for Hartford including use of pilot's lounge and a YE rally with 4 pilots (Bob Lewis, Bob Zaretzke, Dave Courtney, and Lee Taylor). Briefing for all involved, 8am, with rides from 9-12. Discussion of other planned fun for this fly-in followed.

Ft Atkinson Breakfast – June 3rd (rain date 4th). Leave for restaurant promptly @ 9am. (info on our web).

Pioneer Day – WE NEED TO PRACTICE! Will be setting dates (maybe @ Sullivan after Ft. Atk fly-out)

General Discussions – Steve advised that Jerry Eales overdid and landed back in hospital, should be home now. Bob Z reported on Sun’N’Fun vacation and his flying loops and rolls with a Pitts. Steve gave an account of “Flat Tyler’s” adventures. Ed H. reported that Harold B’s eye surgery went well, but back problems are still plaguing him; meeting attendees signed a card and sent a photo along. Dan Felix gave an update on his Beaver project and the help Fred Flood is providing. Tom B. took (& passed) Sport Pilot written exam at Madison; you must pre-register to get the \$5 EAA member credit. Corey donated several items to our library about Dayton Air Show, AirVenture, and Wright Brothers.

Raffles – prizes were donated by Ed H. and John Heller

Meeting was adjourned at 8:52 pm.
